

SYED IBRAHIM ALI

Full Stack Developer

Attapur, Hyderabad | +91 8688515677 | syedbrahim36258@gmail.com | [linkedin.com/in/syed-ibrahim-29a50a36b](https://www.linkedin.com/in/syed-ibrahim-29a50a36b) | [GitHub](#)

PROFESSIONAL SUMMARY

Full-Stack Developer with a Bachelor's Degree in AI & Machine Learning, experienced in building responsive web applications and integrating machine learning models into software systems. Skilled in developing dynamic front-end applications using React, HTML5, CSS3, and JavaScript. Proficient in Node.js, Express.js, and PostgreSQL for building back-end systems, RESTful APIs, authentication modules, and database schemas. Experienced with Python and Java for application development, data processing, and machine learning workflows. Developed web applications ranging from gamified learning platforms to analytical dashboards with predictive models and 3D visualizations. Driven to build practical, user-focused software solutions from concept to deployment.

TECHNICAL SKILLS

Languages & Runtime: JavaScript (ES6+), TypeScript, Node.js, Java, Python

Frontend Development: HTML5, CSS3, React, Next.js, Tailwind CSS, Bootstrap, Responsive Web Design

Backend Development: Express.js, REST API Development

Database: PostgreSQL, SQL

Authentication & Security: JWT, bcrypt

Tools & Developer Environment: Git & GitHub, VS Code, Postman, NPM, Figma

Deployment & Hosting: Vercel, Netlify

WORK EXPERIENCE

Web Development Intern | TechSath Jun 2025

- **Built and deployed 3+ responsive web applications** using React.js and Tailwind CSS, improving cross-device UI consistency by 25%.
- **Integrated 10+ RESTful API endpoints** with backend microservices, gaining practical experience in API integration and data handling.
- **Architected modular, reusable UI components**, improving frontend development workflow and code reusability.

Frontend Development Intern | Cognifyz Technologies Aug 2025 – Sep 2025

- **Developed 5+ interactive frontend modules and landing pages** using HTML5, CSS3, and JavaScript, strengthening responsive web development skills.
- **Optimized web assets and DOM manipulation**, improving frontend performance and user experience.
- **Refactored CSS and implemented responsive media queries**, improving cross-device layouts and frontend consistency.

PROJECTS

Bidirectional Indian Sign Language Communication System (Signify) [GitHub](#)

- Developed a bidirectional ISL system supporting sign-to-text/speech and text/speech-to-sign translation using **MediaPipe, MLP models, Flask, and gTTS**.
- Implemented real-time gesture recognition **using hand landmark extraction and lightweight ML classification**.
- Built a gamified web application **with HTML, CSS, and JavaScript, featuring ISL learning modules, quizzes, SVG animations, scoring, and leaderboards**.
- Designed the UI and game experience and presented the project as a research paper.

GRID-X – Global Race Intelligence Data eXchange [GitHub](#)

- **Developed a full-stack telemetry and analytics platform** using FastAPI, React, PostgreSQL, and REST APIs for real-time motorsport data processing.
- **Implemented 8+ data visualization modules using Chart.js** for telemetry analysis, race predictions, and pit-strategy insights.
- **Integrated predictive analytics models** to analyze race performance, lap data, pit strategies, and potential race outcomes.
- **Built interactive telemetry dashboards** for monitoring circuit performance, driver metrics, and real-time race data.
- **Integrated a Three.js 3D chassis visualizer** with interactive animations and dynamic camera controls for detailed telemetry inspection.
- **Designed modular backend services and APIs** connecting telemetry, analytics, visualization, and prediction components.

EDUCATION

Bachelor of Engineering (B.E.) - Artificial Intelligence and Machine Learning *Nov 2022 – June 2026* Muffakham Jah College of Engineering and Technology, Hyderabad | CGPA: 7.54 / 10.0

Intermediate(MPC)- Sri Medha Junior College, Attapur, Hyderabad 2021 – 2022 Percentage: 78%

Secondary (X), Don Bagh High School, Langar Houz, Hyderabad 2019-2020 CGPA: 10.0/10.0

KEY COMPETENCIES

Full Stack Development • Frontend Development • Backend Development • MERN Stack • REST API Design • Database Management • SQL

• PostgreSQL • User Authentication • Responsive Web Design • UI/UX Design • UI Development • Data Visualization • Computer Vision

• Data Analysis • JavaScript • TypeScript • React.js • Next.js • Node.js • Express.js • Python • GitHub • Postman API • Machine Learning

• Problem Solving • Team Collaboration • Communication
